## Emergency Medicine Review Course – 26th Year!

### Exhibitor Opportunities:

Ohio Chapter ACEP invites you to participate at our Emergency Medicine Review Course as an exhibitor. This year two EMR courses are being held—one in August and one in October. These educational meetings offer your organization the opportunity to interface with emergency physicians from all over the country. **Exhibitors are invited to participate August 23-30, 2010 and October 9-13, 2010.** Recommended dates for optimal attendance numbers: August 25-28, 2010 and October 10-12, 2010.

The Ohio Chapter ACEP Emergency Medicine Review (EMR) course is one of the premier review courses for emergency medicine. The program is designed to assist emergency physicians with their preparations for taking the national specialty boards in emergency medicine as well as preparing for continuous certification (EMCC).

In 2009, over 475 physicians were present at these courses. The majority of attendees are experienced emergency medicine physicians preparing for recertification or for general review and residents who have completed an emergency medicine residency. The registrants also represent diverse geographic locations, including many states and international locations.
